Update on COVID Protocol at The Cat Doctor: LIMITED CLIENT REENTRY!

To our client Family & Friends,

Thank you all for being so patient and tolerant of our COVID-19 prevention protocols over the last 2 years. Given the improving statistics of new cases we have decided to allow entry of clients on a limited basis.

What does this mean?

- One adult client will be allowed into the exam room with their cat(s) during a scheduled appointment with a doctor.
- Some types of appointments and business transactions will remain curbside at this time. Examples include picking up foods/medications/supplies and technician appointments (such as nail trim only appointments).
- We will still offer curbside for any clients that prefer their appointment to be curbside.
- **All clients will be required to wear face masks while in the building.** If you refuse to wear a facemask, you will be asked to leave the building.
- We will still require you to call from the parking lot when you arrive for your appointment. A technician will still do the intake either at the car or over the phone. Once a room is available, you will be escorted directly to the exam room with your cat(s).

Naturally, we will be paying attention to new trends, and reserve the right to change these policies without notice as needed.

It's been a long time! We are all looking forward to seeing you INSIDE and being able to interact with you and your cats in a much more comfortable way again! As always, send your questions to info@catdoctordover.com or call us at 603-742-6369.

Most sincerely,

The Cat Doctor of Dover
